

# Toy Organization Checklist

## Declutter and Organize Your Toys with Ease!

1. Sort Toys by Category: Group toys into categories such as STEM toys, crafts, plush toys, etc.
2. Declutter: Decide what to keep, donate, or discard based on condition and usage.
3. Assign Storage Spaces: Use bins, shelves, or drawers for specific toy categories.
4. Use Labels: Label containers clearly to make tidying up easy for kids.
5. Rotate Toys: Store away some toys and rotate them periodically to keep things fresh.
6. Create an Accessible System: Place everyday toys within easy reach for children.
7. Use Clear Bins: Transparent bins help kids see what's inside without creating a mess.
8. Establish a Cleanup Routine: Set a regular time each day to tidy up toys.
9. Maximize Vertical Space: Use wall-mounted shelves or organizers to save floor space.
10. Regular Maintenance: Check for broken or unused toys monthly and update storage as needed.
